054-265-0931

Education

Ironi Bet High School, Modi'in, Graduate of Scientific and Technological class with honors

Graduated 2018

Matriculation with 5 study units in physics, chemistry, mathematics and English

Academic degree in the Hebrew University of Jerusalem

2022-Present

I am a student in my second year studying computer science. In my first year I have got an average of 80.

In parallel, I'm studying game development and design (Unity) at Bezalel as part of my degree

Python, C4D self-taught

I learned python and Cinema4D through online courses and made few projects

Experience

Branch Manager, Tony Vespa, Modi'in-Macabim-Reut

2017-2021

Started as a cook, a job which includes working under pressure, keeping track of several things simultaneously. In my last year I got promoted to branch manager, a job which includes wide responsibility - ordering supplies for the store from different suppliers, training new employees, monitoring and supervising an estimate of 30 employees and arranging them in shifts.

Officer Assistant, IDF Intelligence Corps

2018-2021

In my military service I served as an officer assistant. This role included managing and arranging a schedule for an entire branch of high-ranking officers which required constant availability and dedication, dealing with unexpected issues in tight schedules, logistics troubleshooting and making meeting summary documents.

Education
Communication

I speak both English and Hebrew fluently.
